

Student Support & Welfare Services Policy

Purpose and Legislative Background

Clauses 1.3 (b) & 1.7 of Standards for Registered Training Organisations (RTOs) 2015 and Standard 6 and 8 of National Code of Practice for Providers of Education & Training to Overseas Students 2018, requires every RTO to determine the support needs of students and provide access to information about support services.

Purpose of the Student Support and Welfare Policy is to foster an environment which is conducive to effective learning and in which each student feels safe and supported and contributes in a positive manner to HILTON ACADEMY community. This policy compliments college's other relevant policies and procedures, including the Health and Safety Policy and Procedure, and emphasises college's commitment to supporting student learning and well-being, and promoting a positive learning environment for all involved.

This policy provides a student support mechanism that not only provides academic and learning support services but also an opportunity for students to access welfare-related support services to assist with issues that may arise during their study.

Scope

This policy is applicable to all students and staff of HILTON ACADEMY and also, other third party contracts eg, Agents.

- Developing and implementing a Health and Safety Policy

- Monitoring student course progress and providing academic and administrative support to all the students within college's policy framework to enable them to achieve their academic objectives
- There are many issues that may affect a student's social or personal life. Students will have access to the Student Support Officer to gain advice and guidance on personal, accommodation, or family/friend issues. Where the Student Support Officer feels, further support may be required, a referral to an appropriate external support

service will be organised.

2. Student Handbook

- All current and prospective students will be provided with a Student Handbook containing all the essential information to adjust to life in Australia including external resources for international students, college facilities and resources to help them with their studies.

Student Support Officer will also coordinate learning and academic support services in consultation with the Academic Manager.
- Students will need to make an appointment to meet the Student Support Officer. Urgent matters will be attended to promptly on advice of the front desk (initiated by the student) or college staff members.
- Academic and learning support needs will be referred to the Academic Manager. The Student Support Officer will, however, ensure that the required academic support services have been provided to the students through scheduled learning support sessions and/or activities, and will maintain a regular communication with the students to obtain feedback. When needed, HILTON ACADEMY shall consider appointing/delegating an academic staff as the Learning Support Office based on the student needs analysis and review of the feedback. This position will dedicatedly assist and support students with academic issues and preparation; including writing, learning, and research skills under supervision of the Academic Manager.
- Counselling services and other external referrals will be arranged if deemed appropriate by the Student Support Officer. There is no fee attached to this welfare support and referral service. Any cost charged by the external services will be paid by the students.
- All students are required to attend an orientation day at the beginning of their studies (*Student Orientation Policy and Procedure*). The Student Support Officer shall discuss the provision or support services and how best the students can avail these services during their studies at the RTO.

4. Academic and Learning Support

- Students may have concerns with their attendance, academic performance or other related issues that are placing them at risk of not achieving the requirements of their program or completing within the expected duration. HILTON ACADEMY will, accordingly, provide an ongoing academic support to students in form of Language, Literacy and Numeracy (LLN) programs or referrals to these programs if needed, course progress intervention and academic support if deemed at risk of not completing the course on time, scheduled learning and study support sessions, and academic support for people with disability and learning difficulties.
- Students can access college's student support services by approaching either the Student Support Officer or any staff member in their immediate contact. Students will also be provided with a Student Concern form and additional information (Ref: 5.8) on the relevant policies and procedures to deal with and report any issues of concern or welfare.
- All students will have an unequivocal access to college resources and an equal opportunity to access college programs, services and resources, including Information Technology (IT), library, course and learning materials, access to academic and administrative staff members, avenues to lodge and resolve complaints, student welfare and student support services, and access to their administrative and academic records.

5. Students with LLN Needs

- LLN needs may be identified through pre-enrolment and pre-training assessments, during student orientation, and/or trainer/assessors' recommendations. HILTON ACADEMY will analyse these needs and provide a strategy for assistance. These needs will be addressed through classroom learning and assessment activities over the

duration of the program. HILTON ACADEMY's Language, Literacy, and Numeracy (LLN) Policy further supports these needs.

- For all learners, LLN are key underpinning skills that will support their vocational learning, the development of their employability skills and their workplace communication skills whatever level of course or training they are doing (The Crux of the Matter, DETT, 2011). Accordingly, HILTON ACADEMY will embed LLN principles within its delivery and learning and assessment tasks.
 - HILTON ACADEMY uses Australian Core Skills Framework (ACSF) as a reference to assess current LLN skill levels.
 - LLN needs may be identified through student's self-assessment (pre-enrolment), during student orientation, and/or trainer/assessors' recommendations. These needs will be addressed through classroom learning and assessment activities over the duration of the program. HILTON ACADEMY may refer students to appropriate levels of English language programs within the RTO or external providers depending on the specific needs/requirements of the student.
6. Students with Disability
- HILTON ACADEMY acknowledges the Disability Discrimination Act 1992 and the Disability Standards for Education 2005, and its obligation as an education and training provider to support the rights of students with disability to participate in educational courses and programs on the same basis as students without disability.
 - Students who wish to apply for adjustments to teaching or assessment methods on the basis of a disability should contact Academic Manager and bring supporting documents for consideration of disability (e.g. a letter from your treating professional).
 - Reasonable adjustments to training and assessment methods are made using the following principles (Ref: ACARA):
 - Students with disabilities are subject to the standard rules and policy on assessment and teaching methods, and assessment is only varied where a student can demonstrate with appropriate documentation that he/she is disadvantaged as a result of disability.
 - The nature of reasonable adjustments is such that they are designed to minimise the disadvantage experienced by students with disabilities, rather than provide students with a competitive advantage.
 - Any adjustments to assessment for a student with a disability are to be made in such a way as to ensure that the fundamental nature of the assessment remains the same i.e. students with disabilities are still required to demonstrate a pre-determined level of ability in relation to essential competency requirements.
7. Student Hardship
- The requirements of study may present some students with hardship, due to economic, social, or other difficulties. Where genuine hardship exists, a student may seek permission to review their workload or other related matters.
 - To make a request, a student will be required to provide a letter to the Student Support Officer describing the reason for their hardship. It is essential to include evidence supporting a claim of hardship, for example:
 - Financial hardship: Financial documents, pay slips or bank statements which indicate financial status;
 - Medical grounds: Medical certificates stating nature of condition, duration;
 - Family Situation: Doctor or Counsellor's report or recommendation, external community/welfare agency recommendation
 - Student Support Officer shall review the request and where necessary arrange a face-to-face meeting to discuss the issues and provide the required support through internal or external referrals and advice.
8. Information to Students

Information on student support services, and procedures for accessing these services, including contact details of the Student Support Officer will be made available to all the students through;

- Student Handbook
- RTO Website
- Student Orientation Program

The Student Support Officer shall ensure that up-to-date information is available for student support services and that any

contact details provided are current.

Students may access the Student Support Officer directly (e.g. email, phone), by contacting any administrative staff, Academic Manager, or via the front desk. The front desk shall also assist with organising appointments as soon as practicable.
